Accused by the President's Supporters of All Sorts of Political "Brigandage."

CHICAGO, June M.-When the Republican National Committee met at 9.15 A. M. to-day it ignered the demand of the Roosevelt men that the Texas contest be taken up at once. It comes the day by considering the contest in rolving the Virginia delegates-at-large When the proceedings opened were: Texas, 30; Virginia, 30; Washington, 14; District of Columbia, 2; North Carell-

The issues in the three big cases was clear out as between adherents of the President and Col. Roosevelt. In the Texas contests, Cecil Lyon, National Committeeman of the State, claimed regularity" for his Roosevelt organisation, but no more strongly than did If. F. McGregor, leader of the Taft or-ganisation in the Lone Star State. The latter claimed that the Lyon men pre-ceeded irregularly in their election of district delegates to the State Convenions and also in the county delegates to some of the district conventions.

In Virginia the issue, as raised by Rooseveit contestants, was that the Tast delegates were elected in halls where negroes were not allowed and that many local Republican leaders were thus virtually disfranchised.

Washington's question was whether the Taft people so manipulated the State Committee as to obtain control of the convention which sent the delegates at large to Chicago. Similar questions which the District contions were involved in the District con-tests from the Puget Sound State. TROUBLE OF THE DAY BEGINS

OVER TEXAS DELEGATES. OVER TEXAS DELEGATES.

The contest of the Texas delegates stlarge was the first called. Col. Lyon announced that he believed that technically
there was no contest against the Honosvolt delegates at-large. He said no
printed brief for the Tatt delegates had
been filed within the prescribed twenty
days before the National Committee
met; that in consequence the rules of the
committee had not been observed and no
formal contest existed for the place of
the eight delegates at-large.

It was understood that Col. "Let's take up Washington," said Sentor Borah.

"I again insist that no contest exists." It is another the husky young men hereinbefore mentioned were order to put Tati buttons on their coats for the occasion and inject themselves into the stationarys, began the argument. "Col. Lyon is the Republican party what he has to say about the action of the National Committee and rune in the big Tati demonstration longer the big Tati demonstration and inject manipulators, a scheme to back the Republican Committee and rune in the big Tati demonstration and an additional vote for each gains manipulators, a scheme to back the Roosevelt meeting on Monday night." There was discussed, also, among the five voters in the county. As a result life we will be said, prevailed.
